

LET'S #REPOWERNSW WITH CLEAN ENERGY!

Join thousands of Australian's calling for a brighter future powered by clean energy. Let's overcome the big polluting lobbyists and usher in a wave of clean energy. Sign the petition and ask your friends and family to do the same. We are stronger together.

I call on our elected representatives and business leaders to:

- **Source all our power from the sun, wind, and water**
- **Phase out coal and gas-fired power**
- **Help people in affected communities prepare now for the jobs of the future**
- **Make clean energy accessible and reliable for everyone, everywhere.**

Yours sincerely,
