

NORTH HEAD – PRESCRIBED BURNING

OPERATIONAL MANAGEMENT & RESOURCING

Due to Operational Planning and Logistics, three separate Prescribed Burns were conducted simultaneously at North Fort, Third Quarantine Cemetery & Blue Fish Drive. A single Incident Controller (North Head Command) relied on a Divisional Commander to manage burning operations to achieve the planned objectives at each of the three treatment sites.

The firefighting personnel and resources required to achieve this safely are listed below.

FRNSW	OEH - NPWS	RFS	Police	SES	SHFT	Total People
•55	•31	•19	•5	•5	•6	•121
